

Terms of Service for PaperLoop

Last Updated: 27-02-2028

1. Acceptance of Terms By downloading, installing, or using PaperLoop (the "App"), you agree to be bound by these Terms of Service. If you do not agree to these terms, please do not use the App.

2. Description of Service PaperLoop provides tools to scan handwritten question papers, format them using AI, and export them as PDF documents. The quality of the AI transcription depends on the legibility of the handwriting, lighting conditions, and camera quality.

3. In-App Purchases and "Scan Tokens"

- **Consumable Tokens:** PaperLoop operates on a "Scan Token" system. Processing a full page of handwriting consumes one (1) Token.
- **Purchases:** Tokens are purchased in packs (e.g., 10 Scans, 50 Scans) via the Google Play Store.
- **Non-Refundable:** All purchases of Scan Tokens are final and non-refundable. Tokens are tied to the device/store account used to purchase them.
- **Failed Scans:** If the AI completely fails to detect any text on a page, the App is designed to not deduct a token. However, if text is detected but requires manual editing by you, the token is considered consumed.

4. User Content and Responsibility

- **Ownership:** You retain all rights and ownership to the content (exams, questions, diagrams) you create and export using PaperLoop.
- **Lawful Use:** You agree not to use the App to scan, generate, or distribute material that is illegal, infringes on intellectual property rights, or violates the privacy of others. You are solely responsible for the content of the PDFs you generate.

5. Disclaimer of Warranties The App and its AI services are provided "AS IS" and "AS AVAILABLE." While we strive for accuracy, AI handwriting recognition is not perfect. We do not warrant that the transcription will be 100% accurate, error-free, or perfectly formatted. You are expected to review and edit the generated text before exporting your final PDF.

6. Limitation of Liability To the maximum extent permitted by law, Shanjit Thokchom and PaperLoop shall not be liable for any indirect, incidental, special, or consequential damages, or any loss of profits or revenues, whether incurred directly or indirectly, resulting from your use of the App, including but not limited to lost data, incorrectly formatted exams, or device issues.

7. Changes to Terms We reserve the right to modify these terms at any time. Your continued use of the App following the posting of changes constitutes your acceptance of such changes.

8. Contact Information For any questions regarding these Terms, please contact:
